

Drying Rack

These drying racks were inspired, in part, by a trip to the Netherlands. The use of joinery and attention to detail mean these racks are both beautiful and functional. They are about 6 feet tall but fold easily. Since they are made of cedar they are very light and can easily be moved inside or out.

At only \$350.00 they will quickly pay for themselves in the saving in Hydro Bills alone.

Available for sale at Charelli's Cheese Shop at 2851 Foul Bay Rd., Victoria BC.
